

**Faith Community #SharingTheLove – Youth Service Project
Hands Against Hunger
Saturday, January 19, 2019**

Hands Against Hunger is a program of A Child’s Hope International. The purpose of Hands Against Hunger (HAH) is to provide food to the neediest people in the world – locally, nationally, and internationally. During our time at the HAH, we will actually pack food that will be shipped all over the world. Students will measure and mix ingredients, weigh filled bags, seal the filled bags, and pack them for shipping. All work is done assembly-line style, and kids will have the opportunity to work at multiple stations. Check out more information: <http://thechildrenarewaiting.org/portfolio/hands-against-hunger/>
